WELCOME TO MY ENERGY TOOLS.

The smart meter helps you manage your energy use and save.

Find savings tips. Compare your energy use with your neighbors. Create a personal energy-savings plan. My Energy Tools lets you access smart meter data to monitor hourly, daily and weekly usage so you can make changes to help save energy and lower your monthly bills.

It's simple, it's free, and it can be done in two easy steps.

1. If you haven't yet, create a free ComEd online account using your account number at ComEd.com/MyAccount
2. After logging in, choose Use My Energy Tools from the My Usage tab.

Be sure to log in to My Energy Tools on a regular basis. After all, you use energy differently all the time. And when you can track your usage hourly, daily and weekly, you can develop smarter habits and save.

Check out ComEd's videos about My Energy Tools. Go to ComEd.com and click on the YouTube icon at the top.

PERSONALIZE SAVINGS

Based on information about your household, the most relevant savings tips for your home are generated. Create a personalized energy-savings plan and set an energy-savings goal.

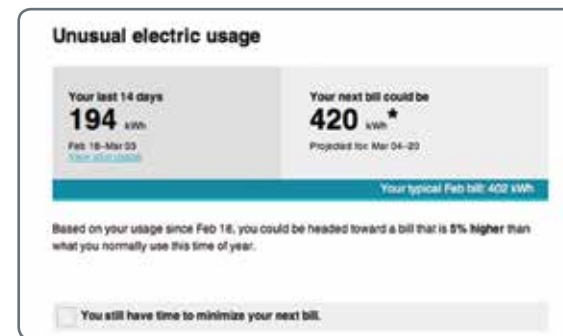

NEIGHBOR COMPARISON*

See how your electricity usage compares to usage in similar homes in your neighborhood.

WEEKLY ENERGY BREAKDOWNS

See if you're using more, less or the same energy compared to the week before. Then make changes to help reduce use and save.

UNUSUAL USAGE ALERTS

Be notified when your usage is trending higher. You'll have time to make changes that can make a difference on your next bill.

*Similar homes comparison (aka neighbor comparisons) may not be available for all customers.
